INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Seaford Public Library
Seaford, Delaware

We have audited the accompanying statement of cash receipts and disbursements of the Seaford Public Library for the year ended June 30, 2007. This financial statement is the responsibility of the Library's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of cash receipts and disbursements is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of cash receipts and disbursements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of cash receipts and disbursements. We believe that our audit provides a reasonable basis for our opinion.

As described in Note A, the financial statements have been prepared on the cash receipts and disbursements basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the cash receipts and disbursements of the Seaford Public Library for the year ended June 30, 2007, on the basis of accounting described in Note A.

Our audit was conducted for the purpose of forming an opinion on the statement of cash receipts and disbursements taken as a whole. The supplementary information contained herein is presented for purposes of additional analysis and is not a required part of the statement of cash receipts and disbursements. Such information has not been subjected to the auditing procedures applied in the audit of the statement of cash receipts and disbursements and, accordingly, we express no opinion on it.

The June 30, 2006 financial statement was compiled by us, and our report thereon, dated August 9, 2006, stated we did not audit or review that financial statement and, accordingly, expressed no opinion or other form of assurance on it.

Jefferson, Urian, Doane & Sterner, P.A.

NOTE A - ACCOUNTING POLICIES

Nature of Activities

The Seaford District Library (the Library) provides library services to the general public. It is a free public library that provides collections of reading materials, programs, and services to benefit the Seaford area. The Library is supported primarily through grants from Sussex County, Delaware.

Basis of Accounting

The accompanying financial statements have been prepared on the cash receipts and disbursements basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under that basis, the only asset recognized is cash, and no liabilities are recognized. All transactions are recognized as either cash receipts or disbursements, and non-cash transactions are not recognized. The cash basis differs from generally accepted accounting principles primarily because the effects of outstanding receivables and obligations unpaid at the date of the financial statements are not included in the financial statements.

NOTE B - RESTRICTED CASH

The Building Fund, which at June 30, 2007 and 2006 had balances of \$ 93,125 and \$ 129,405, respectively, is restricted for the construction of a new library. It is funded by donations and grants. Other restricted accounts, which at June 30, 2007 and 2006 had balances of \$ 14,078 and \$ 17,231, respectively, are restricted for purchases of specific collection materials.

NOTE C - INCOME TAXES

The Library is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation.

NOTE D - CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Library to concentrations of credit risk consist principally of investments held by a broker.

The Library maintains several different accounts in two commercial banks. Cash held by an individual bank can at times exceed \$ 100,000. These accounts are secured by the Federal Deposit Insurance Corporation (FDIC) up to \$ 100,000.

NOTE E - COMMITMENTS AND CONTINGENCIES

The Library plans to build a new library on land purchased from the City of Seaford. The land was purchased on September 16, 2003 for \$ 127,192. Nason Construction, Inc. has been contracted to oversee and manage the construction of the new library. The total cost of the contracts with Nason Construction, Inc. is \$ 611,694, of which \$ 481,532 remains to be paid at June 30, 2007.

**COMMUNICATION OF SIGNIFICANT
DEFICIENCIES**

To the Board of Commissioners
Seaford District Library
Seaford, Delaware

In planning and performing our audit of the statement of cash receipts and disbursements of the Seaford District Library for the year ended June 30, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Library's internal control over financial reporting (internal controls) as a basis for designing our auditing procedures for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, we do not express an opinion on the effectiveness of the Library's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the cash receipts and disbursements basis of accounting such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the following deficiencies to be significant deficiencies in internal control.

OBSERVATION - PREPARATION OF FINANCIAL STATEMENTS AND ADJUSTMENTS

Management relies on the auditor to perform certain tasks such as adjustments to investments, certificates of deposits, fund balance and adjustments to the cash receipts and disbursements basis of accounting. In addition, management relies upon the auditor to prepare the financial statements on the cash receipts and disbursements basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Management does not have the knowledge of accounting principles to determine whether the disclosures are complete or financial statements are accurately prepared.

RECOMMENDATION

The Library may wish to consider alternatives to improve its control over the financial reporting process.

OBSERVATION - SEGREGATION OF DUTIES

Due to staffing limitations, there is a lack of proper segregation of duties. A good system of internal control provides for proper segregation of the accounting functions. No one person should have access to both physical assets and the related accounting records or to all phases of a transaction.

RECOMMENDATION

The Library should make every effort to strengthen internal controls as opportunities arise.

This report is intended solely for the information and use of the Board of Commissioners and the management of the Seaford District Library and is not intended to be and should not be used by anyone other than these specified parties.

We will review the status of the above comments during our next engagement. We will be pleased to discuss them in further detail at your convenience.

Sincerely,

Jefferson, Urian, Doane & Sterner, P.A.
