

Seaford District Library
Coronavirus Closure

March 15, 2020

For Immediate Release

In light of evolving circumstances, and in the interest of public health, the Seaford District Library will be closed until April 1, 2020. All currently checked out physical items will be due one week after the library reopens.

The library plans on opening up as a lunch facility for juveniles under the age of 18 on Wednesday the 18th from 12:35 to 1:35.

We appreciate your understanding and flexibility as we do our best to limit the potential for community spread of COVID-19. The library's staff and volunteers look forward to serving the community again soon. For any updates, including a reopening date, please check our website (seaforddistrictlibrary.org) and/or our social media.

Best wishes,
Seaford District Library Staff
